conception, pregnancy, delivery, and lactation the other organizations will not prosper as they should The sacradness of what is taught no was explained and a promise made by each to keep sacred our instructions. Others we are all Sisters let us be true and love each other.

## 2 Lesson

Sister Sorensen explained to us the qualifications of a midwife and stated that every woman should have the same knowledge. She should know all about Womans physical need, that she may render proper assistance when required. Must be a steady quite, nerved Woman not a strong nerved are excited and midwife should not mar[...] an a mansion after laying out the dead or being wha[...] contagious diseases are espicialy praspural Septeaesia until she is thoroughly disinfected she should not be a woman talkative and among the sick by telling of dreadful deliveries and unpleasant stories. She should be a woman of God that inspiration of the Holy Spirit can come to her in times of need and she be able to inspire others with faith and trusting in God Her work if not done well at first can never be repaired it will last forever causing endless nursing = very fen persons take care their sickness is their natural result of improper actions which as eating drinking, etc. Milk feaver is an m[...]ent dedaly disease and the septic infection of a Woman's blood can be carried to her by a midwife with unclean hands or clothing and when a woman [...]is of that disease
